Preparing for the Next Crisis:

How to Become a Resilient Startup

Best practices from the 'Startup Nation'

A Global Crisis is Always Around the Corner

Global crises increase the risk of failure for early stage and later stage start-ups alike. Evidence from Israel shows that key to overcoming crises is internationalization, an expansionist commercial mind-set and a readiness to rethink and reposition yourself.

Our aim is to give start-ups new tools to be more resilient when crises hit and inspire them to apply Israeli start-up methodologies. This project is funded by THE DANISH INDUSTRY FOUNDATION.
